#### TYSON PRODUCT SPECIFICATION

Product-Brand: 70304 - 0928

Version: 18

Status: Official

Effective Date 5/14/2015

**Brand: TYSON** 

**Last Issue Date:** 12/03/2014

Minor Line: 216 NUTRI-LINE Sell Group: FOOD SERVICE

Product Name: Fully Cooked Whole Grain Golden Crispy Chicken Pattie Fritters-CN

#### **General Information**

Computer Name: WHL GRAIN CSPY PAT CN

Description: Fully cooked whole grain golden crispy chicken pattie fritters. Whole Grain

#### **Child Nutrition Statement**

One 3.54 oz. pattie of fully cooked, chicken provide 2.00 oz. equivalent meat/meat alternate and 1.00 oz. equivalent grains, for the Child Nutrition Meal Pattern Requirements.

#### **CN Numbers**

092718, 092719

#### Piece / Portion Information

3.54-OZ PIECE(s)

#### **UPCs**

000-23700-03389 5

#### **Ingredient Statement**

Chicken, water, textured soy protein concentrate, isolated soy protein, seasoning [brown sugar, salt, onion powder, chicken stock, canola oil, yeast extract, carrot powder, vegetable stock (carrot, onion, celery), garlic powder, maltodextrin, flavors, silicon dioxide, citric acid and spice], seasoning (potassium chloride, rice flour), sodium phosphates.

BREADED WITH: Whole wheat flour, water, enriched wheat flour (wheat flour, niacin, reduced iron, thiamine mononitrate, riboflavin, folic acid), salt, wheat gluten, sugar, dried onion, dried garlic, torula yeast, spice, dextrose, dried yeast, turmeric extract (color), paprika extract (color).

Breading set in vegetable oil.

#### Allergens

soy, wheat

Allergen Categories: SOY, WHEAT

#### **Cooking Instructions**

Appliances vary, adjust accordingly. Convection Oven 6-8 minutes at 375°F from frozen. Conventional Oven 8-10 minutes at 400°F from frozen.

Storage & Handling

Shelf Life: 270 days

Storage Temperature: 0 F

Storage Method: Frozen

# Formulation Statement for Documenting Grains in School Meals Required Beginning SY 2013-2014

Crediting Standards Based on Revised Exhibit A weights per oz equivalent

School Food Authorities (SFAs) should include a copy of the label from the purchased product carton in addition to the following information on letterhead signed by an official company representative. Grain products may be credited based on previous standards through SY 2012-2013. The new crediting standards for grains (as outlined in Policy Memorandum SP 30-2012) must be used beginning SY 2013-2014. SFAs have the option to choose the crediting method that best fits the specific needs of the menu planner.

# DOCUMENTATION FOR ADM PRODUCTS USED AS ALTERNATE PROTEIN PRODUCTS (APP) FOR CHILD NUTRITION (CN) PROGRAM

- a) ADM certifies that this product meets all requirements for APP intended for use in finished CN products as described in Appendix A of 7 CFR 210, 220, 225, and 226.
- b) ADM certifies that this product has been processed so that some portion of the non-protein constituents has been removed by fractionating. This product is produced from soybeans by removing the majority of the soybean oil and some of the other non protein constituents.
- c) The PDCAAS score for this product is .99. It was calculated by multiplying the lowest uncorrected amino acid score by true protein digestibility as described in the Protein Quality Evaluation Report from the Joint Expert Consultation of the Food and Agriculture Organization/World Health Organization of the United Nations, presented December 4-8, 1989 in Rome, Italy.
- d) The protein level by weight of this product is at least 18% when hydrated at a ratio of 2.60 parts water to one part product.
- e) The protein level of this product is certified to be at least 64.8% on an "as is" basis as purchased.

Ingredient Statement: Textured Vegetable Protein Product (Soy protein concentrate)

This certification applies to the ingredient product as supplied by ADM and is valid 1 year from certification. The meat/meat alternate credit for products used in CN programs should be calculated using the correct as-is protein value for the respective APP ingredient. If multiple APP ingredients are used in the formulation of a CN product, then each APP ingredient should be calculated separately to determine the oz. meat alternate provided. Additional information is available from ADM to assist you with this calculation.

Date: 07/14/11
