## Principal's Message

The goal of the Buena Vista School community is to prepare our students to become lifelong learners who are responsible, contributing citizens in a diverse society. The students, staff, and parents will promote rigorous, high level learning in a caring, safe, and engaging environment. Each student will have the opportunity to reach his or her full potential academically, physically, socially and emotionally.

Buena Vista School, again named a California Distinguished School in 2008, is nestled in a residential neighborhood just beyond the bustle of Walnut Creek's thriving downtown. Our school is known for its ethnic diversity, high achievement, and close-knit "family" feel. We attribute this success to a highly committed staff and community of families.

Each spring, a team of staff and community members reviews our school's strengths and needs, using formal and informal data collected during the fall and winter. The School Site Council (SSC), comprised of many staff members and parents developing the following strategies:

- **CURRICULUM:** We will challenge all students in the core curriculum areas based upon standards, benchmarks, and assessments.
- **COMMUNICATION:** The Buena Vista School Community will understand and provide feedback on school guidelines, programs, and procedures through consistent, clear, and streamlined communications.
- **CLIMATE:** We will provide a safe, non-threatening, healthy environment in which the Buena Vista Community respects diversity and demonstrates positive, intrinsic, lifelong values.
- **COMPUTERS/TECH:** We seek to provide technology instruction for students and teachers that are aligned to State and District standards.

Resources of time and money are carefully aligned to our plan, assuring that we systematically support our greatest needs and highest priorities. Our complete School Plan, including action steps and budgets, can be found on the school Web site at [www.walnutcreeksd.org/bv](http://www.walnutcreeksd.org/bv).

Buena Vista is a family-oriented, welcoming place where expectations are high within a caring atmosphere. Parents and staff frequently express their joy at belonging to the "Buena Vista Family". Students are convinced that theirs is the best school anywhere!

## School Safety

Our School Safety Plan is current and detailed. It was reviewed, updated, and discussed with school faculty in October 2010.

We hold monthly drills and review safety procedures with students and staff on a regular basis. The plan is updated annually with input from staff and parents. A detailed earthquake preparedness plan outlines the duties of all staff in the event of an earthquake and contains a complete list of the emergency supplies stored in a secure container on-site. Several staff members are trained in search and rescue procedures, CPR, and basic first aid as part of our preparedness plan. Parents receive regular information and reminders about our emergency procedures in the weekly e-bulletin. The Disaster Prep Team monitors school safety and meets as needed with the school principal.

The school Leadership Team meets monthly and the Disaster Prep team meets as needed throughout the year to work on specific improvements to playground supervision and campus safety issues as they arise.

*"A community of learners building knowledge, skills and character."*

## Mission Statement

In a child-centered, academically challenging environment, which cultivates character and celebrates learning, the families, community and staff of the Walnut Creek School District, as partners, will develop creative, exemplary learners with the skills and enthusiasm to shape a changing world.

**Enrollment and Demographics**

The total enrollment at the school was 468 students for the 2009-10 school year.

**California Physical Fitness Test**

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The State Board of Education designated the *Fitnessgram*® as the PFT for students in California public schools. The test measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

The primary goal of the *Fitnessgram*® is to assist students in establishing lifetime habits of regular physical activity. The table shows the percentage of students meeting the fitness standards for the most recent testing period. For more detailed information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

Six of Six Standards	45.5%

### Textbooks and Instructional Materials

The State of California requires that each child have a current, Standards-based textbook in each of the four core areas of instruction. As a part of this requirement, Walnut Creek School District has purchased the latest editions for teaching language arts (reading, writing, speaking, and listening), science, social science, mathematics, and health. We are fortunate to have a music text (K-5) for our students and a music specialist who meets with all of the classes. Our foreign language texts are also up to date. Thus, all textbooks in the Walnut Creek School District are current, Standards-based, and State-adopted from the most recent State-approved list consistent with the content and cycles of the Curriculum Frameworks, and adopted and approved by the State Board of Education.

We have an abundance of supplementary reading materials at varying levels of difficulty in each of our elementary classrooms that are integrated across all core curricular areas. These leveled reading materials provide students with experiences in reading narrative as well as expository text.

The District has affirmed that each pupil, including English learners, have their own textbook to use in class and to take home.

Textbooks and Instructional Materials List		
Subject	Textbook	Adopted
English-Language Arts	Houghton Mifflin, McDougal Littell	2004
Mathematics	Pearson Scott Foresman	2010
Science	Pearson Scott Foresman	2008
History-Social Science	Macmillan/McGraw-Hill, Prentice Hall, Glencoe/McGraw-Hill	2006

Note: This data was most recently collected and verified in September 2010.

### Professional Development

All professional growth is determined by the schoolwide and District strategic planning process, which is ongoing throughout the school year and culminates with an update in the spring of each year. Planning teams include all school and community stakeholders and the work is based on site-based needs assessments.

As a “community of learners,” each staff member participates in personal growth and also in collegial study. As each school identifies an area of the curriculum to improve, staff members meet by grade level or departments to study the test scores or student behaviors and determine how to improve them through research and improved practice. At the K-5 level, teachers meet as a grade level group each week for 2.25 hours to study on a regular basis throughout the year. An instructional coach also provides individual coaching facilitates two meetings per month. At the intermediate level, staff development activities are planned for “late start Wednesdays” each week, as well as during department release days. Department chairs have two preparation periods during the day to enable them to support their colleagues’ work.

Individual teachers attend workshops and classes and read on their own to keep their skills current with research about learning. Some examples are attendance at various conferences: Gifted and Talented Education (GATE) National Convention (Confratute), Reading Recovery, technology, math, and Mosaic of Thought comprehension strategies. Teachers attend training sessions in Junior Great Books, differentiated instruction, Special Education, School Assistance programs, and in all the core curricular areas. Beginning teachers participate in a two-year induction program with an on-site mentor who is trained through the Santa Cruz New Teacher Center.

For the past four years, we have had five days each school year dedicated to staff and professional development. The District ensures that the agendas for these professional growth days are tied to areas defined by the strategic plan. For 2008-09, the District focus areas were writing and narrowing the achievement gap.

**“The District has affirmed that each pupil, including English learners, have their own textbook to use in class and to take home.”**

### Availability of Textbooks and Instructional Materials

The following lists the percentage of pupils who lack their own assigned textbooks and instructional materials:

### School Facility Items Inspected

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Mechanical Systems (heating, ventilation, and air conditioning), Sewer
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/ Fences, Playgrounds/School Grounds

### School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition.

School Facility Good Repair Status			
Items Inspected	Repair Status	Items Inspected	Repair Status
Systems	Good	Restrooms/Fountains	Good
Interior	Good	Safety	Good
Cleanliness	Good	Structural	Good
Electrical	Good	External	Good
<b>Overall Summary of Facility Conditions</b>			Exemplary
<b>Date of the Most Recent School Site Inspection</b>			9/29/10
<b>Date of the Most Recent Completion of the Inspection Form</b>			9/29/10

**Note:** At the time of this school facility inspection, no deficiencies were found.

### School Facilities

The Buena Vista School facility houses 18 classrooms, a half-time instructional coach, a District special day class, a county special day class, a Title I room, a resource room, a library media center, a science room, an art room, a music room, a speech room, a counseling room, an English Language Development (ELD) room, a kitchen, and a large multi-use room. Renovated in 2000, the facility is safe, structurally sound, and designed to support student learning. Outdoor learning areas provide attractive places for students, staff, and parents to gather to extend learning outdoors. Maintenance of facilities is a top priority in the District, even in times of significant budget constraints.

Students work in well lighted, heated, and cooled classrooms and specialty rooms (art, music, resource, and science). Rooms are clean and well maintained to support teaching and learning. Every classroom has a telephone with access to an outside line, internet access, and a TV/VCR unit. Furnishings are in good repair and of appropriate size for the students who use them.

The classrooms, common areas, and grounds are kept clean and in excellent repair by site custodial and District maintenance staff. All toilets, those in classrooms and shared, are all in good repair and cleaned daily by two full-time equivalent (FTE) custodians. Custodial staff is on duty from 6:30 a.m. to 10 p.m. with a custodian cleaning classrooms every other day after students leave. At least one custodian is on campus for the many evening activities on site.

### School Facilities

*Continued from left*

Parent and community groups frequently use Buena Vista’s multipurpose room. Our library is large and adequate for our student body. District funds, augmented with parent funds, provide enough time for our library media specialist to keep our spacious library, with its large and current collection of books, open during school hours.

Our custodians take pride in their work, ensuring clean classrooms and a clean campus and grounds. Our school has extensive play fields, which support weekly PE classes as well as soccer, baseball, and lacrosse sports teams after school and on the weekends. Buena Vista is 57 years old.

Walnut Creek is very proud of the funding, planning, and effort put into planning for our facilities. To maintain high standards of excellence and consistently modernize the site takes strategic planning. In the future, we will be improving our parking and sidewalks, and modifying our entry area to improve student drop-off and pick-up. We have recently refurbished the playground and playing fields and have an improved track and pathway around the field for walking and running activities.

The District participates in the State School Deferred Maintenance Program, which provides state-matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2010-11 school year, the District budgeted \$94,500 for the Deferred Maintenance Program. This represents 0.005% of the District's general fund budget.

### STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are reported as performance levels in order to compare student achievement to state standards. The five performance levels are: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables below show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, and science.

Percentage of Students Scoring At Proficient or Advanced Levels

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key tests, including the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA). The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test.

The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For a complete report on all tests, participation, groups, and their scores by grade level, please visit <http://star.cde.ca.gov/>. To learn more about the STAR Program, please visit the guide at [www.cde.ca.gov/ta/tg/sr/documents/starpkt5inrpts.pdf](http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5inrpts.pdf).

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. The API is a score on a scale of 200 to 1,000 that reflects a school's, district's or a student group's performance level, based on the results of statewide testing. An API score of 800 is set as the statewide target.

Each annual API reporting cycle includes a Base and a Growth API. The Base API starts the reporting cycle and is released approximately a year after testing (i.e., The 2009 Base is calculated from results of statewide testing in spring 2009 but is released in May 2010). The Growth API is released after the Base API but is calculated from test results from the following year (i.e., The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2009-10 API reporting cycle, the 2009 Base indicator and 2010 Growth indicator are used. To learn more about API, please visit the API information guide at [www.cde.ca.gov/ta/ac/ap/documents/infoguide09.pdf](http://www.cde.ca.gov/ta/ac/ap/documents/infoguide09.pdf) and the API overview guide at [www.cde.ca.gov/ta/ac/ay/documents/overview10.pdf](http://www.cde.ca.gov/ta/ac/ay/documents/overview10.pdf).

■ Data are reported only for numerically significant groups.

### API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

### API Growth by Student Group

This table displays, by student group, the actual API change in points added or lost for the past three years.

### Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

■ Data are reported only for numerically significant groups.

**API Testing Note:** Assessment data are reported only for numerically significant groups. To be considered 'numerically significant' for the API, the group must have either: (1) at least 50 students with valid test scores who make up at least 15% of the total valid scores, or (2) at least 100 students with valid test scores.

Federal Intervention Program

Schools and districts that receive Title I funding can enter Program Improvement (PI) if they fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). With each additional year they don't meet AYP, they advance to the next level of intervention. This table displays the 2010-11 Program Improvement status for the school and district. For more information, please visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. To meet these standards, California public schools and districts must meet or exceed criteria in four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district made AYP overall and met each of the AYP criteria for 2009-10. For more information, visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### Suspensions and Expulsions

## No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2009-10 school year. For more information on teacher qualifications related to NCLB, please visit [www.cde.ca.gov/nclb/sr/tq](http://www.cde.ca.gov/nclb/sr/tq).

## Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. More information can be found by visiting <http://data1.cde.ca.gov/dataquest/>.

## Parental Involvement

Buena Vista has an active Parent Teacher Association (PTA) and SSC, which support vital programs, materials, and services. The PTA and SSC meet monthly; all school community members are invited to these open meetings. Community and school events abound, with parent volunteers at the center of each.

Parent and community volunteers are essential partners in education at Buena Vista. A visitor at Buena Vista might see volunteers working in classrooms, helping with special programs, tutoring individuals or groups, doing clerical work, answering phones, running enrichment activities, checking books out of the library, or other needed support work around campus.

In addition to volunteer work at our school, parents fund several vital school programs at Buena Vista. Through the efforts of an enormous volunteer cohort, the PTA funds a full-time science specialist, reading recovery support, after-school homework help, classroom supplies for teachers, and many other programs identified through our site plan. These funds are raised through these fundraising activities: Auction, Check Writing Campaign, Gift Wrap, Day on the Green, Book Faire, e-Scrip, and Spell-a-thon. The PTA at Buena Vista has a passion for building community with our families. They host many events throughout the year to bring families closer together: BV Celebrates, Multi-Culture Potluck, BV Idol/Talent Show, and Fall Carnival.

Our SSC is composed of an equal number of parents and staff members, and the Council oversees all fiscal resources and works to achieve the goals of the school's Site Plan. The SSC conducts an annual comprehensive parent survey in order to gather data towards planning each year.

For more information, please contact PTA President, Greg Sasser, (925) 256-8229.
