Lucinda Jaconette, Principal

2010-11 School Accountability Report Card  
Published During the 2011-12 School Year

### Principal's Message

The goal of the Buena Vista School Community is to prepare our students to become lifelong learners who are responsible, contributing citizens in a diverse society. The students, staff, and parents will provide rigorous, relevant high level learning in a caring, safe, and engaging environment. Each student will have the opportunity to reach his or her full potential academically, physically, socially and emotionally.

Buena Vista School, again named a California Distinguished School in 2008, is nestled in a residential neighborhood within close walking distance to Walnut Creek's thriving downtown and the region's rapid transit, BART. Our school is known for its high achievement, relevant education, ethnic diversity and close-knit "family" feel. We attribute our success to a highly committed staff and community of families.

Throughout the year a team of staff and community members reviews our school's strengths and needs, using formal and informal data. The School Site Council (SSC), comprised of many staff members and parents developing the following strategies:

- **CURRICULUM:** We will provide relevant rigorous learning for all students in the core curriculum areas based upon standards and measured by benchmarks and assessments.
- **COMMUNICATION:** The Buena Vista School Community will understand and provide feedback on school guidelines, programs, and procedures through consistent, clear, communications including email and personal connections. .
- **CLIMATE:** We will provide a safe, healthy environment in which the Buena Vista Community respects diversity and demonstrates positive, intrinsic, lifelong values.
- **COMPUTERS/TECH:** We seek to provide technology instruction for students and teachers that are aligned to State and District standards and focus on 21st Century Learning.

Resources of time and money are carefully aligned to our plan, assuring that we systematically support our greatest needs and highest priorities. Our complete School Plan, including action steps and budgets, can be found on the school Web site at [www.walnutcreeksd.org/bv](http://www.walnutcreeksd.org/bv).

Buena Vista is a family-oriented, welcoming place where expectations are high within a caring atmosphere. Parents and staff frequently express their joy at belonging to the "Buena Vista Family". Students are convinced that they contribute to create the best school anywhere!

### School Safety

Our School Safety Plan is current and detailed. It was reviewed, updated, and discussed with school faculty in November 2011.

We hold monthly drills and review safety procedures with students and staff on a regular basis. The plan is updated annually with input from staff and parents. A detailed earthquake preparedness plan outlines the duties of all staff in the event of an earthquake and contains a complete list of the emergency supplies stored in a secure container on-site. Several staff members are trained in search and rescue procedures, CPR, and basic first aid as part of our preparedness plan. Parents receive regular information and reminders about our emergency procedures in the weekly e-bulletin. The Disaster Prep Team monitors school safety and meets as needed with the school principal.

The school Leadership Team meets monthly and the Disaster Prep team meets as needed throughout the year to work on specific improvements to playground supervision and campus safety issues as they arise.

*"Buena Vista is a family-oriented, welcoming place where expectations are high within a caring atmosphere."*

Superintendent

In accordance with State and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

### WUSD Mission Statement

In a child-centered, academically challenging environment, which cultivates character and celebrates learning, the families, community and staff of the Walnut Creek School District, as partners, will develop creative, exemplary learners with the skills and enthusiasm to shape a changing world.

### Class Size

08-09 09-10 10-11

The bar graph displays the three-year data for average class size.

### Class Size Distribution — Number of Classrooms By Size

Socioeconomically Disadvantaged	17.5%
English Learners	17.1%
Students with Disabilities	8.1%

*“Each student will have the opportunity to reach his or her full potential academically, physically, socially and emotionally.”*

**Parental Involvement**

Buena Vista has an active Parent Teacher Association (PTA) SSC, and ELAC which support vital programs, materials, and services. The PTA and SSC meet monthly; all school community members are invited to these open meetings. Community and school events build participation of our diverse community, with parent volunteers at the center of each.

Families and community volunteers are essential partners in education at Buena Vista. A visitor at Buena Vista might see volunteers working in classrooms, helping with special programs, tutoring individuals or groups, doing clerical work, answering phones, running enrichment activities, checking books out of the library, or other needed support work around campus. Families are engaged with meaningful home study.

In addition to volunteer work at our school, parents fund several vital school programs at Buena Vista. Through the efforts of an enormous volunteer cohort, the PTA funds a full-time science specialist, reading recovery support, after-school homework help, classroom supplies for teachers, and many other programs identified through our site plan. The PTA at Buena Vista has a passion for building community with our families. They host many events throughout the year to bring families closer together: BV Celebrates, Multi-Culture Potluck, BV Idol/Talent Show, and Fall Carnival.

Our SSC is composed of an equal number of parents and staff members, and the Council oversees all fiscal resources and works to achieve the goals of the school’s Site Plan. The SSC conducts an annual comprehensive parent survey in order to gather data towards planning each year.

For more information on how to become involved, contact Greg Sasser, PTA President, SSC member, at (925) 944-6832 or email [President@BuenaVistaPTA.org](mailto:President@BuenaVistaPTA.org).

**California Physical Fitness Test**

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The *Fitnessgram*® is the designated PFT for students in California public schools put forth by the State Board of Education. PFT measures six key fitness areas:

- |                     |  |
|---------------------|--|
| 1. Aerobic Capacity | 4. Abdominal Strength and Endurance        |
| 2. Body Composition | 5. Upper Body Strength and Endurance       |
| 3. Flexibility      | 6. Trunk Extensor Strength and Flexibility |

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the *Fitnessgram*®. The table shows the percentage of students meeting the fitness standards of being in the “healthy fitness zone” for the most recent testing period. For more detailed information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

**Public Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

**Types of Services Funded**

The following Federal and State funded programs are provided to schools in the Walnut Creek School District:

- Title I (Helping Disadvantaged Students Meet Standards)
- Two reading full-time equivalent (Buena Vista/Murwood)
- Title II (Improving Teacher Quality)
- Title II Technology
- Title III (Limited English Proficient students)
- Economic Impact Aid/Limited English Proficient (EIA/LEP)
- Gifted and Talented Education (GATE)
- Beginning Teacher Support and Assessment (BTSA)
- Class Size Reduction (CSR)
- English Language Acquisition Program (ELAP)
- School Improvement Program (SIP)
- Art, Music, PE (ongoing funds)
- Instructional Materials Funds (IMF)
- Safety funds

### School Facility Items Inspected

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Sewer, Mechanical Systems (heating, ventilation, and air conditioning)
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/Fences, Playgrounds/School Grounds

### School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition. At the time of this school facility inspection, no deficiencies were found.

### School Facilities

The Buena Vista School facility houses 18 classrooms, a half-time instructional coach, a District special day class, a county special day class, a Title I room, a resource room, a library media center, a science room, an art room, a music room, a speech room, a counseling room, an English Language Development (ELD) room, a kitchen, and a large multi-use room. Renovated in 2000, the facility is safe, structurally sound, and designed to support student learning. Outdoor learning areas provide attractive places for students, staff, and parents to gather to extend learning outdoors. Maintenance of facilities is a top priority in the District, even in times of significant budget constraints.

Students work in well lighted, heated, and cooled classrooms and specialty rooms (art, music, resource, and science). Rooms are clean and well maintained to support teaching and learning. Every classroom has a telephone with access to an outside line, internet access, and a TV/VCR unit. Furnishings are in good repair and of appropriate size for the students who use them.

The classrooms, common areas, and grounds are kept clean and in excellent repair by site custodial and District maintenance staff. All toilets, those in classrooms and shared, are all in good repair and cleaned daily by two full-time equivalent (FTE) custodians. Custodial staff is on duty from 6:30 a.m. to 10 p.m. with a custodian cleaning classrooms every other day after students leave. At least one custodian is on campus for the many evening activities on site.

A high degree of supervision is present at Buena Vista School before, during and after school. Staff is on yard duty before and after school in the car drop off areas and at the points of departure of students from the campus. In addition, the yard supervision for before school and recesses is fully staffed.

### School Facilities

*Continued from left*

Students participate in safety and school rules assemblies. Students are taught to keep themselves and others safe. Yard supervisors, teachers, all staff and students are trained in techniques to use for situations that need redirection or correction. School rules are included in the parent handbook. An after school and before school program operates in partnership with Buena Vista School and provides a safe place for students who need additional supervision before and after school hours.

Parent and community groups frequently use Buena Vista’s multipurpose room. Our library is large and adequate for our student body. District funds, augmented with parent funds, provide enough time for our library media specialist to keep our spacious library, with its large and current collection of books, open during school hours.

Our custodians take pride in their work, ensuring clean classrooms and a clean campus and grounds. Our school has extensive play fields, which support weekly PE classes as well as soccer, baseball, and lacrosse sports teams after school and on the weekends. Buena Vista is 57 years old.

Walnut Creek is very proud of the funding, planning, and effort put into planning for our facilities. To maintain high standards of excellence and consistently modernize the site takes strategic planning. In the future, we will be improving our parking and sidewalks, and modifying our entry area to improve student drop-off and pick-up. In 2009 we refurbished the playground and playing fields and have an improved track and pathway around the field for walking and running activities. In 2011 we totally renovated our kitchen.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2011-12 school year, the District budgeted \$86,000 for the Deferred Maintenance Program. This represents 0.35% of the District’s general fund budget.

### Textbooks and Instructional Materials

The State of California requires that each child have a current, Standards-based textbook in each of the four core areas of instruction. As a part of this requirement, Walnut Creek School District has purchased the latest editions for teaching language arts (reading, writing, speaking, and listening), science, social science, mathematics, and health. We are fortunate to have a music text (K-5) for our students and a music specialist who meets with all of the classes. Our foreign language texts are also up to date. Thus, all textbooks in the Walnut Creek School District are current, Standards-based, and State-adopted from the most recent State-approved list consistent with the content and cycles of the Curriculum Frameworks, and adopted and approved by the State Board of Education.

We have an abundance of supplementary reading materials at varying levels of difficulty in each of our elementary classrooms that are integrated across all core curricular areas. These leveled reading materials provide students with experiences in reading narrative as well as expository text.

The District has affirmed that each pupil, including English learners, have their own textbook to use in class and to take home.

#### Textbooks and Instructional Materials List

Subject	Textbook	Adopted
English-Language Arts	Houghton Mifflin, McDougal Littell	2004

### STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are evaluated and compared to state standards using the following five performance levels: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, and science.

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program aims to identify strengths and weaknesses to improve student learning. STAR consists of four key tests that are designed for the student's age and individual needs. These tests include: the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For more information on the STAR program including tests, participation, groups, and scores by grade level, please visit <http://star.cde.ca.gov/>.

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of the schools within California. API is measured on a scale from 200 to 1,000. This score reflects the school, district or a student group's performance level, based on the results of statewide testing. The state has set an API score of 800 as the statewide target.

The annual API reporting cycle consists of the Base and Growth API. The Base API data is released one year after testing occurs (i.e. The 2010 Base is calculated from results of statewide testing in spring 2010, but is not released until May 2011). Growth API, released following the Base API, calculates test results taken from the most recent school year (i.e. The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2010-2011 API reporting cycle, the 2010 Base indicator and 2011 Growth indicator are used.

To learn more about API, please visit the API information guide at [www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf](http://www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf) and the API overview guide at [www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf](http://www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf).

## API Ranks

API Ranks — Three Year Comparison

	2008	2009	2010
Statewide API Rank	9	9	9
Similar Schools API Rank	6	5	6

## API Testing

Assessment data is reported only for *numerically significant* groups. To be considered numerically significant for the API, the group must have either: (1) at least 50 students with valid STAR Program scores who make up at least 15% of the total valid STAR Program scores, or (2) at least 100 students with valid STAR Program scores.

## API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide API rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools API rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

## API Growth by Student Group

This table displays, by student group, first, the 2011 Growth API at the school, district, and state level followed by the actual API change in points added or lost for the past three years.

### Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. California public schools and districts are required to meet or exceed criteria in these four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district met each of the AYP criteria and made overall AYP for 2010-11. For more information, visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

<b>Graduation Rate</b>	✘		✘	

### Federal Intervention Program

Districts and schools receiving Title I funding that fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate) can enter into Program Improvement (PI). Each additional year that the district or schools do not meet AYP results in advancement to the next level of intervention. This table displays the 2011-12 Program Improvement status for the school and district. For more information, please visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### Professional Development

All professional growth is determined by the schoolwide and District strategic planning process, which is ongoing throughout the school year and culminates with an update in the spring of each year. Planning teams include all school and community stakeholders and the work is based on site-based needs assessments.

As a “community of learners,” each staff member participates in personal growth and also in collegial study. As each school identifies an area of the curriculum to improve, staff members meet by grade level or departments to study the test scores or student behaviors and determine how to improve them through research and improved practice. At the K-5 level, teachers meet as a grade level group each week for 2.25 hours to study on a regular basis throughout the year. An instructional coach also provides individual coaching facilitates two meetings per month. At the intermediate level, staff development activities are planned for “late start Wednesdays” each week, as well as during department release days. The Math Department chair has an additional preparation period during the day to enable them to support their colleagues’ work.

Individual teachers attend workshops and classes and read on their own to keep their skills current with research about learning. Some examples are attendance at various conferences: Gifted and Talented Education (GATE), Brain Research, SVMU (Silicon Valley Math), Middle School Conference, Reading Recovery and Technology. Teachers attend training sessions in Junior Great Books, differentiated instruction, Special Education, School Assistance programs, and in all the core curricular areas. Beginning teachers participate in a two-year induction program with an on-site mentor who is trained through the Santa Cruz New Teacher Center.

For the past four years, we have had four days each school year dedicated to staff and professional development. The District ensures that the agendas for these professional growth days are tied to areas defined by the strategic plan. For 2008-09, the District focus areas were writing and narrowing the achievement gap. In recent years, we have focused on math.

### Teacher Qualifications

### No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be “highly qualified.” In general, for a teacher to be considered highly qualified, they must have a bachelor’s degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2010-11 school year. For more information on teacher qualifications related to NCLB, please visit [www.cde.ca.gov/nclb/sr/tq](http://www.cde.ca.gov/nclb/sr/tq).
