Together, with support from ***all*** of our families, we can keep Parkmead strong

and provide our students with academic and enrichment opportunities—advantages that will last them a lifetime.

Your donations matter!

Participating in art, music, P.E. and science lab activities gives students an academic edge.

Art develops critical thinking and creativity

Elementary art education helps develop creativity, visual learning, critical thinking and motor skills through art project creation.

Music supports math and language development

By teaching students to visualize how harmonic elements fit together, music helps to develop spatial intelligence and problem-solving ability. It also develops the left side of the brain, which processes language.

Physical Education fosters social and emotional wellness

Physical education supports knowledge gained in other disciplines, including science, math and social studies. Physical activity also improves self-discipline, judgment and goal-setting skills.

Science lab instruction builds a life-long appreciation for science and technology

With engaging, hands-on activities, science lab activities help develop the observation skills and inquisitiveness needed to meet 21st century workforce challenges.

Together, Parkmead and WCEF K-12 provide enriching experiences that set students up for success. Donate now to help our students thrive!

If you cannot give the full amount, please consider contributing what you can, with a split of 30% to the Parkmead Parent Group (PERC/PTA/PTO) and 70% to WCEF K-12. All are non-profit 501(c)(3) organizations and your donations are tax deductible.

Maximize your donation through a corporate matching gift!

Many employers match their employees' educational donations, effectively doubling the amount received by the Parkmead Parent Group and WCEF K-12—but corporate matching gifts do not happen automatically. Check with your employer or contact WCEF K-12 for more information.
