Family's Regularly Assigned School: _____

This confirms my intention to enroll my child(ren) in Parkmead Active Learning School (PALS) for the 2019-2020 school year. I am voluntarily transferring my child(ren) from our assigned school and am aware that space at this school is not guaranteed should I choose to return.

I understand that curriculum development and classroom structure are determined by our teachers, in accordance with Walnut Creek School District guidelines and the PALS philosophy, and that my participation and support are vital to the success of the program.

In signing this, the _____ family indicates an understanding that volunteer support is an essential part of the PALS program and that PALS requests a donation of support of at least sixty (60) hours per family, beginning June 1, 2019, through the 2019-2020 school year. This volunteer support is vital in achieving the program goals and upholding the PALS philosophy.
